FINAL MEETING OF BOOSTERS TONIGHT

CHAUTAUQUA GUARANTORS AND ENTHUSIASTS DISCUSS CAMPAIG

ONLY THREE DAYS OFF

Chautauqua Program One of the Very Best—Many Noted Speakers and Entertainers.

With Chautauqua but three days off, a final meeting of all those interested will be held at 8 o'clock tonight in the Farm Bureau Rooms preparatory to an intensive two-day campaign to rouse interest in the program and sell enough tickets to the course to cover the guarantee under which the Chautauqua is brought here.

Not only the guarantors but all Chautauqua boosters are asked to meet tonight by H. W. Hull, who has charge of the ticket sale.

"The rain last night was a great thing for Chautauqua," said Mr. Hull. "It relieved the situation for the farmers and by assuring them of a big corn crop it will help to make the Chautauqua financially successful.

"We can put this over. The chautauqua is the best thing Maryville or any other town can afford in the way of entertainment. It brings to our town only the very best elements, the best talent, the best thought and the best of every line of entertainment it is possible to get.

"We have Maryville on a higher plane now, and we want to keep it there. We used to have street fairs, but we didn't say much about the class of entertainment they furnished. The Chautauqua brings only the very best. It is educational, and moral, and if it isn't religious it is at least not against religion."

A partial check of the tickets called for at the banks indicates that only about one-fourth of the guarantors have secured the tickets they will need. All tickets must be purchased by the afternoon of the opening day for the local committee to be given credit. If more than the required number of tickets are sold, a percentage of the receipts will be turned over to the guarantors. On the other hand, if the ticket sale falls short of the $1,800 guarantee, the guarantors will be assessed the deficit.

At the price of $2.25 for the season ticket for adults, plus 23 cents war tax, the Chautauqua programs will cost between 17 and 18 cents each, less than a moving picture show. If single admissions were bought for each program, the cost would be $7.85.

This year's program includes such speakers as Robert S. MacGowan, Granville Jones, Quinn O,Brien, Gov. Charles H. Brough, Harry Webb Farrington, David D. Vaughan, 'Farmer" Burns and Dr. Richard S. Martin. The musical numbers include the orchestral troubadours, with George Tack, the Weatherwax Brothers Quartet, the Gondoliers and on the fourth day, three great artists in one program: Carmen Pascova, Florence Hardeman and Stewart Wille.

George Cohan's funniest comedy, "Broadway Jones," will be presented with William Keighley, assisted by a Broadway cast. Other entertainers include Bertha Kunz Baker and the Rich-Werno entertainers.

Jess Pugh, he of the "Muel Story" and "Snuff stricken Reader" fame, is to be the big attraction heading up Joy night. Jess has the reputation of being the funniest, wittiest, most popular comedian of his particular brand of humor on the Chautauqua platform. His "Muel Story" is a national institution.

As a prelude to the big laugh session the management has obtained three other "joy wizards," Al Baker, a renowned New York ventriloquist, Youna, the world wonder juggler, and Billy Pryor, the black face comedian and banjo artists who makes laugh records for the Edison.

With these four entertainers on one program, it is predicted that the wind-up of Chautauqua will certainly be a "blaze of glory."

SECRETARY WILL ANSWER QUESTIONS ON HEAT AND RAIN

WILL KNOW ABOUT ROADS

Travelers May Find Condition of Highways Around Maryville and Northwest Missouri

"How hot was it yesterday?"

"Is it going to rain tonight?"

"We want to drive to Kansas City. How are the roads?"

All these questions and others the Chamber of Commerce is now prepared to answer, as the result of arrangements completed to receive a special weather report by telephone early in the morning of each day. The information on the condition of all roads in the northwest part of the state is already being received daily from St. Joseph.

J. R. Brink, official weather observer for Maryville, will hereafter report to the Chamber of Commerce all the data he has compiled for the day before and it will be dispensed from there. It will include such statistics as high, low and average temperatures, rainfall, sunshine and the like.

By courtesy of the Bell telephone company, the weather forecast will be received several hours earlier than it is now, and all picnickers and motoring parties have to do to assure themselves an unspoiled outing is to call the Chamber of Commerce rooms

The weather report will be posted on a bulletin board at the foot of the stairs leading to the club rooms. The information is expected to be available by 9:30 o'clock each morning.

The number of the Chamber of Commerce rooms is Hanamo 639 and Farmers 120.

HIRES MAN TO MOVE HOUSE THEN HE DID IT HIMSELF

William Pliss Asks $94 for Use of His Machinery in Suit Against Sherman Pierpoint.

William Pliss filed suit this morning against Sherman Pierpoint to recover $94 damages he alleges to be due him for the use of machinery belonging to him. The information charges that Pierpoint employed Pliss to bring his machinery and move a building for him. Pliss took his machinery to the premises of Pierpoint but was then refused the privilege of moving the building, while Pierpoint took the machinery and moved the building himself. The plaintiff asks $30 for the use of his machinery the three days which Pierpoint too to move the building.

After the building was moved Pierpoint retained the machinery owned by Pliss and used it to pull stumps, the petition says. Seven days was used to pull the stumps, for which Pliss asks $14. The remaining $50 damages asked by the plaintiff includes $25 for moving the machinery back to Maryville and $25 damage and breakage on the machinery.

Ellis Cook is attorney for the plaintiff.

WAS HOTTEST JULY IN LAST 28 YEARS

HIGHEST TEMPERATURE WAS 100 DEGREES JULY 30

HEAVY RAIN YESTERDAY

More Precipitation August First Than In Whole Month of July

With the exception of the July of 1901, last month was the hottest July in the twenty-eight years that the local weather records have been kept under government supervision. The mean maximum temperature on the thirty-one days of the month just passed was 95 degrees, according to J. R. Brink. A higher mean maximum temperature has been recorded only in 1901, when it was 98.2 degrees.

The mean minimum temperature last month was 65 degrees. The highest low temperature average was twenty years ago, when it was 70 degrees.

The average temperature for the July just past was 80 degrees, which is almost 4 degrees higher than the average July temperature for the twenty-eight years, which Mr. Brink gives as 76.1 degrees.

There was twenty-four days last month on which the thermometer registered 90 degrees or above. On fifteen consecutive days, from July 6 to July 20, the mercury went over this mark.

Way back in 1901, remembered for the most torried July on record, there were twenty-seven days on which the mercury climbed above 90 degrees, and on fifteen days it boiled over the 100 mark. The highest temperature recorded in that hottest of hot Julys was 107 degrees. Last month the temperature reached 100 on only one day. That was on last Saturday. Since then a penitent weather man has sent delightfully cool days and nights.

The rainfall for the entire month of July was less than that which fell yesterday and last night. The total during the month just past was 1.64 inches, while 1.94 inches was measured after the intermittent downpours which began late in the afternoon yesterday and continued through the night. The greatest amount of rain in any July on record was 12.37 inches in 1907, and the smallest precipitation was .88 inch in 1910.

Judge C. E. Walker reported that the rain yesterday afternoon and list night in the Burlington Junction community was not nearly so heavy as that received in Maryville. The rain south of Maryville and near Barnard was not so heavy as that received here.

DAWSON ROAD DISTRICT HEARING ON AUGUST 26.

A hearing on the petition for a special road district known as the Dawson road district in Lincoln township will come up before the county court at a meeting on August 26. Delegations from that township were in Maryville yesterday before the court. Some changes to the proposed district are being talked of and will be discussed at their next meeting on August 26.

SPRONG MATCHES 3 GAMES WITH CONFERENCE SCHOOLS

Bearcats Will Probably Play Seven Games—Season Starts September With Kirksville.

Coach Russel Sprong of the State Teachers College is in Maryville today making plans for the start of the football season at the State Teachers' College.

He has been working on the schedule fo rthis fall for the past two weeks and to date has matcher three games. He plans to have seven games during the season and is now communicating with some of the other school of the conference. The schedule as it now stands is:

September 30—Kirksville at Maryville.

November 4—Tarkio at Tarkio

November 11—Warrensburg at Warrensburg.

A game with the Still Osteopathic College at Des Moines will also probably be matched as well as some with Normal Schools in other states.

C. OF C. PRAISES DR. JESSE MILLER

SWINEHART CALLS HIM "HONEST-TO-GOD REPRESENTATIVE."

GIVES MINORITY CREDIT

Loyal Democratic Supporters of Good Roads Made Measure Possible, He Says.

"An honest-to-God representative" was the tribute paid to Dr. Jesse Miller Sr., at the weekly luncheon of the Chamber of Commerce at the Linville Hotel last night. It was voiced by H. P. Swinehart of Kansas City, former head of the English department of the State Teachers' College.

Calling the road legislation "the greatest thing the state has ever attempted," Fred Hull also lauded Dr. Miller for his part in the deliberations of the special session of the Missouri legislature.

Dr. Miller was himself present at the luncheon and explained under what difficulties the road measure had been framed, how the undesirable sections had been eliminated, and how the completed bill will benefit Nodaway county. He gave full credit to the Democratic minority in the House, declaring that the success of the bill was due to the untiring and loyal support of good roads believers on both sides.

Dr. Miller explained how provision had been made in the bill to increase the apportionment of funds to Nodaway county to cover the unusual cost of hard roads in this section. The law provides for "properly bound gravel" roads or their equal," and Dr. Miller said that because of the absence of the proper kind of clay binding in this section, some tar preparation would probably be used. There are clay bound gravel roads in South Missouri, he said, which are just as good today as when they were built eight year ago.

The $60,000,000 road building fund will not become available until March 1, 1923, said Dr. Miller, but if any counties want to issue bonds and complete the proposed roads the state will reimburse them from the road fund as soon as it become available.

Both Mr. Miller and Mr. Swinehart were guests of the Chamber of Commerce at the luncheon.

Warning To Subscribers!

Two reports have come to the Democrat-Forum in the last few days of a young lady who has taken subscriptions to various magazines and papers, posing as a representative of this paper.

This young lady gave her name as Miss A. M. Palmer. She "took in" F. W. Tate of Sheridan and A. J. Gordon of Hopkins. The former paid her $5.00 for a yearly subscription to the Ladies' Home Journal and the Woman's Home Companion. Gordon gave her a check for $4.20 for a yearly subscription to the Democrat-Forum. Neither of these men had heard from their subscriptions and becoming suspicious, wrote to this office.

Miss Palmer is not an employee of this office. Furthermore she does not know much about the Democrat-Forum, for she charged Gordon $4.20 for a yearly subscription to the paper and our rates are only $3.50 a year.

The Democrat-Forum can only advise that in the future subscriptions be given to the paper either direct to this office or Marion Smith, who is the only county subscription man the Democrat-Forum employs.

The receipts which the industrous young lady issues to her victims bears the name of the Central Publishing Co., 307 West Madison Street, Chicago, Ill. A letter to this address was returned to the Democrat-Forum unclaimed.

YOU CANNOT PLAY ON SABBATH DAY

GAMES OF ALL KINDS ARE SINFUL, SAYS ORDINANCE

BASEBALL IS EXCEPTION

Tiddleywinks Falls Under Same Ban as Bridge, but Officials Plan No Campaign, They Say

If you feel like a quiet little game of checkers or croquet or rook or flinch or tiddleywinks next Sunday, better beware—it's against the law, both city and state.

This is the interpretation put upon one of Maryville's city ordinances by T. A. Cummins, city attorney. He made the ruling today while denying that any action is contemplated by city officials against those who play cards in their homes on the Sabbath.

It has been rumored about town frequently of late that a campaign was about to begin against devotees of bridge and other card games. Mayor F. P. Robinson today said that he had not heard any complaint against card players and that the rumors were unfounded, so far as the city is concerned.

There were complaints against gambling at the beginning of his term, the mayor said but the games have been practically stopped by the city officials. He has not had any reports of gambling in the city limits recently, he said.

The city ordinance which deals with card playing was passed in 1904. It is section 42 of ordinance 16, and reads: "Every person who shall be convicted of horse racing, cock fighting or playing cards, dice or games of any kind in this city on the first day of the week, commonly called Sunday shall be deemed guilty of a misdemeanor, and upon conviction be fined not exceeding $50."

Such games as Flinch, dominoes, horseshoes, croquet and even solitaire, would, under the laws of the state, be prohbited on Sunday said Attorney Cummins.. Judge Marshall of the Missouri Supreme Court in 1900 upheld Sunday base ball games, holding that the game of base ball cannot be classified as among the "games" mentioned in the statute.

Prosecuting Attorney Charles McGaffrey also said that he had not received any complaints about Sunday card playing but the state laws are as strict as the city ordinance and not only prohibit playing games of chance but other games played for pastime.

Meets Teachers at College.

Bert Cooper, superintendent of Nodaway county schools, will meet the teachers of the county who are students of the State Teachers College at the college at 2:40 o'clock this afternoon to make plans for the enrollment of the teachers of the county in the State Teachers Association. The Weeks short course in vitalized agriculture, which begins August 29, will also be outlined. The last two days of this meeting will be given to the county teachers meeting.

MISS BETTY TURNER TO TAKE VACATION IN CANADA

Red Cross Rooms Will be Closed While Secretary Takes First Rest In Four Years.

Miss Betty Turner, secretary of the Nodaway County chapter of the American Red Cross left today for a month's vacation in Canada. She left by the way of the Great Western Railroad and is routed by the way of Winnepeg. She will spend the most of her vacation at Banuff and Lake Louise, Canada and will perhaps return by motor with friends, who will stop for a short visit in the Black Hills at the cottage of her cousin, Governor S. R. McKelvie of Nebraska.

This is the first vacation that Miss Turner has had since she took up the work of the Red Cross four years ago. During her absence the Red Cross Rooms will be closed.

SEC'Y. MELLON GIVES TAX PLANS

PROPOSES 3-CENT STAMP AND $10 TAX ON MOTOR CARS

NO EXCESS PROFITS TAX

Tells House Ways and Means Committee Estimated Need of Government is 4,675 Million

Washington, Aug 2.—The house ways and means committee went into executive session with treasury officials yesterday to hear the recommendations of Secretary Mellon of the treasury department on the revenue bill, which the committee is drafting to revise the existing system of internal taxation.

Mr. Mellon presented figures, subject to modification that indicated means of obtaining revenue, subject to adoption or rejection by the committee. So the revenue situation continues to be nebulous, but a substantial notion of the trend of the administration's fiscal program is crystallized by his statements to the committee, many of which had been anticipated, but are now offered for final consideration as the bill enters the process of actual formulation.

Mellon's Taxation Proposals.

Secretary Mellon submitted as a tentative estimate 4,675 million dollars as the total need of the government for the next fiscal year, of which all above the estimated 500 million dollars tariff yield would have to be obtained by internal taxes, and offered these taxation proposals:

Increase first class (letter mail) postage from 2 to 3 cents, and postcards from 1 to 2 cents. The post-office department has estimated this increase would bring in approximately 80 million dollars.

Levy a 2-cent tax on bank checks.

Levy a flat $10 federal tax on motor cars.

Increase the tobacco and cigarette taxes sufficiently to produce 100 million dollars more than they now bring in.

Reduce the maximum surtax from 70 to 40 per cent.

Levy a flat 15 per cent tax on the net income of corporations, instead of the present 10 per cent.

Cut transportation taxes in half, preparatory to their abolition in the succeeding fiscal year.

Eliminate excess profits tax.

Eliminate soda and ice cream tax.

As yet there is very little agreement as to anything among the Republican powers who will frame the revenue legislation, beyond the decision to discard the excess profits tax. The treasury and the chairman of the ways and means committee, Representative Joseph W. Fordney of Michigan, are not in accord as to the next year's needs of the government, Mr. Fordney contending that instead of 4,675 million, at least 1-2 billion less will be enough, or perhaps 4 billion.

QUIET ELECTION HELD HERE TODAY

ONLY 369 VOTES CAST AT 3 O'CLOCK THIS AFTERNOON.

ONLY FEW WOMEN VOTED

Reports From Over the County Indicated a Very Light Vote—Polls Close at 7:20.

Missouri's constitutional election is being held today and four questions of vital importance are being voted on. The election in Maryville is very quiet and apparently no interest at all is being taken. At 3 o'clock this afternoon only 369 votes had been cast here, and only a small percent of these were women. The vote in Maryville by precincts at press time were:

First ward—85, 12 being women.
Second ward—103, 17 being women.
Third ward—83, 15 being women.
Fourth ward—98, 12 being women.

The questions being voted on today are:

Shall there be a convention to revise and amend the constitution?

Shall women be allowed to hold any office in the state?

Shall the interest on the road bonds be paid by the motor license fees?

Shall Missouri provide a bonus for its soldiers?

Reports from over the county indicated a very light vote is being cast.

The polls will close at 7:20 this evening. The Democrat-Forum will receive the returns here.

—the most-talked-of place in America by out-of-doors folk, is a "hikers'" and "horsebackers'" joyland.

Up there in the Northern Rockies in Northwestern Montana, there are fifteen hundred square miles of breathing room—loafing space; forests, hundreds of sparkling streams which meander through valleys ablaze with wild flowers, and tumble over foaming waterfalls to feed two hundred and fifty mountain lakes of rare beauty. In the "high-spots" there are eternal, slow-moving glaciers, astride the pageant of carved and tinted peaks. The thrill, the majesty, the bigness of it all is wonderful.

To live for a time in this "high" land and breathe the breezes, quickened by the glaciers, flavored by the mountains and streams and perfumed by the pines and flowers is a never-to-be-forgotten experience. You'll straightaway develop an amazing appetite. The Park's chefs will be ready for you—"good things to eat" is the rule in Glacier.

If you are a fisherman, you'll enjoy battling with the Cutthroat and other trout.

If you are a hiker, there's no end of trails to follow to your heart's content.

If you love to ride, a sturdy little mountain pony will carry you over skyland trails, over and along the Continental Divide.

Mountain guides—chaps you'll enjoy getting acquainted with—are there to accompany the timid.

Row-boat and launch service is available for those who desire to explore the waterways.

Auto-stages on a mountain motor highway facilitate your progress through the Park.

If you like to "take your hotel with you" and camp, there are scores of ideal spots on the shores of sparkling rivers and glinting lakes.

The chalets—little hotel villages in the mountains—are picturesque tarrying-places, and genuinely comfortable ones, too.

Two mammoth mountain inns, where unique indoor campfires crackle on evenings in the "forest lobbies" provide accommodations of a more elaborate character.

The whole scheme of service within Glacier readily lends itself to the out-door idea—follow the dictates of your fancy.

Better plan to go this summer and enjoy a *real* vacation.

SEVERAL MEASURES FAILED OF PASSAGE

Twenty-Two Bills Were on the Calendar When Two Houses Suspended Work.

Jefferson City, Aug. 2.—The special session of the legislature, which will end at noon Wednesday, has enacted a large amount of legislation in addition to the $95,000,000 road bill. Although Lieut.-Gov. Lloyd, Speaker O'Fallon, the two Republican floor leaders, Senator Gray and Representative Morgan, and other leaders, opposed inclusion of any legislation but roads at the special session, and Gov. Hyde acted contrary to their advice on the subject, the legislature found plenty of time to pass laws on many other questions without interfering with the road bills.

Twenty-one bills were on the calendar and failed of passage when the two houses suspended work finally early Sunday morning. These are in addition to the reat profiteering bills. Among them was a measure abolishing the office of prosecuting attorney in St. Louis and consolidating the office with that of circuit attorney. This bill failed in a similar way at the regular session. Besides these bills, the statewide primary measure was one of the most conspicuous failures of the session.

Other bills that failed were: A bill raising the pay of the Board of Permanent Seat of Government, composed of state officers, which had been amended to reduce the compensation from $1,500 to $750 as at present.

A bill redistricting the state into sixteen congressional districts, the present number which had been characterized by Democrats as a Republican gerrymander.

A bill permitting the State Board of Health to appoint a deputy state commissioner in each county.

Revising the law for charter revision elections in Kansas City. Amending the State Tax Commission law to extend its duties.

Failure of the redistricting bills will enable the redistricting of the state by state officers under a new law now before congress.

SAN FRANCISCO ENTERTAINS 20,000 KNIGHTS OF COLUMBUS

Convention Will Discuss Many Vital Questions Concerning Law, Health and Education

San Francisco, August 2.—The thirty-ninth annual International Supreme Convention of the Knights of Columbus was formally opened here today with some 20,000 visiting Knights of Columbus in this city for the great gathering. Delegates from all parts of the United States, Canada Cuba, Mexico, Porto Rico and the Canal zone, are in session at the Supreme Convention, which is being held in San Francisco for the first time in the history of the Order. The city is in festive attire for the great affair, which is an important gathering, due to the large number of vital measures to be discussed at the numerous sessions of the Convention.

The first day of the Convention opened this morning with a monster military parade, headed by army, navy and marine units; following which Solemn Pontifical Mass was celebrated by Archbishop, Edward J. Hanna of San Francisco, at old Mission Dolores Church, Sixteenth and Dolores Sts. In the afternoon the first session of the Supreme Council was called to order at the St. Francis Hotel, and the delegates immediately took up the numberous questions to be discussed at the Supreme Convention.

Among the issues to be disposed of and action determined, are, the fight against the drastic Blue-law propaganda all over the United States the anti-tuberculosis fight, the extension of the Knights of Columbus welfare work to Italy at the request of Pope Benedict XV, and the spending of the $5,000,000 fund set aside for the monster hospitalization programme among the sick and wounded veterans of the world war, and now in the hospitals of the country. In addition, the educational activities of the order among the ex-service men and women throughout the United States.

Tonight a Grand Public Reception and Ball took place in the city's massive Auditorium, some 20,000 people being in attendance at the affair. The overflow attendance of some 15,000 people on the outside were entertained in the Civic Center, with a band concert and reproduction of the programme and addresses going on in the Auditorium, through an amplied voice-carrier.

In the Auditorium an elaborate programme of entertainment was presented, following which addresses were made by the repersentative of the Pope, President Harding, Army, Navy and Marine officials, and by Supreme Knight and Supreme Director William P. Larkin of the Knights of Columbus. Dancing concluded the programme, and prominent society people of this city were on the receiving line following the principal events of the evening.

The Auditorium was gorgeously decorated for the great occasion, the work having been done under the special direction of Harry I Mulcrevy a prominent civic official of San Francisco, and master in decorating for such gala events. Mayor Rolph and his citizens' reception committee of 300 sponsored the extensive programme of today.

Tomorrow will be given over entirely to business, there being three sessions for the delegates. Visiting ladies will be entertained by the local "Caseys" and their wives, an extensive committee of hostesses, headed by prominent society women of San Francisco having charge of the entertainment of the visiting ladies.

DR. MARTIN AND FAMILY ON NORTHERN MOTOR TRIP.

Dr. and Mrs. Vilas Martin and children, Beverly and Forrest, left last week on a motor trip to Lake Geneva, Wis., and various points in that vicinity. Before returning, Dr. Martin will take special chemical work in Chicago. They plan to be gone about one month.

Mrs. F. M. Martin and daughter, Miss Mabel Martin, returned recently from a two month's trip in the west, including the cities of Los Angeles, San Francisco, Spokane, Wash., Billings, Mont., and other points.

FIFTY YEARS AGO TODAY

(Taken from the Nodaway-Democrat of Wednesday, August 2.)

On Friday night, Maryville came very near having a first class fire in the Oriental Saloon, south of the square. Joe Northcutt was lighting up the lamps in his chandelier, when by turning it too far to the left, the screw attaching it became loosed, the chandelier falling to the floor and breaking the three lamps which it contained. The coal oil became ignited on the floor and the house was at once filled with flames and smoke. The fancy work over head, the counter and floor were badly burned.

Mr. Joseph M. Cooper has brought to our office the stalk of corn that takes the premium so far and which we invite the Nodaway farmers to beat. The stalk measures 14 feet, 4 inches in length; has two ears on it; one measuring 20 inches in length from the stalk, ear 8 feet 7 inches from the ground; circumference of the stalk at the fifth joint 4⅞ inches. The corn was planted on the 18th day of May and consequently has had not quite eleven weeks in which to grow. We invite the whole of Northwest Missouri to beat it. Joe has 125 acres of corn, all good—as good as ever grew out of the earth.

Mr. Jehu Mitchell brought into our office Monday a stalk of corn bearing four good ears and three more silks. It grew on the farm of Newmeris Ellis, and for fruitfulness, is hard to beat.

Mr. J. G. Grems of the National Hotel has sold that house to a gentleman from Chicago, who will arrive in a few days with a first class Livery stable outfit.

Mr. J. S. Wood, County Road Commissioner, informs us that the bridge over the One Hundred and Two river east of Maryville is unsafe, and liable to fall at any time. Persons crossing will do so at their own risks, as the bridge has been condemned.

Mr. James McDowell had the misfortune to have a horse stolen from the Christian Church on last Friday night where he was attending services. A halter was taken from another horse by the thief. Mr. McDowell belongs to the Detective Society and parties were immediately sent in pursuit.

Miss Epha Drumm, an employee of the Yehle Dry Goods store, left Monday morning for Hamilton, Mo., to spend a week's vacation at the home of her brother, L. M. Drumm, and family.

The density of ice is less than that of water, and for this reason it floats.

Pigs With Names

On a Polynesian farm the pigs are second only to the members of the household.

In fact, each little pig is given a proper name as soon as it is born.

In this country pigs are just pigs; they receive no proper names—until they have been killed.

Then the best of them are called ham, bacon, pork chops or sausage—at the shop where "They Keep the Quality Up."

Who Owns the Standard Oil Company (Indiana)?

THE Standard Oil Company (Indiana) is a corporation owned by the people at large, doing for the people, to the best of its ability, a big job in a highly specialized branch of essential industry.

Three years ago the ownership was spread over 4623 stockholders.

Today the ownership is spread over 19,478 stockholders, of whom 7,200 are employees.

Not one of the 19,478 owns as much as 10 percent of the total stock.

The stockholders have vested the authority of management in a Board of Directors of seven men. All are skilled in their individual branch of activity and all have earned their right to a seat on the Board by displaying unusual ability.

It is the ambition of this Board to operate the Company in such a fair and square way that you, as stockholder or customer, shall have a distinct pride in the fact that there is such an institution as the Standard Oil Company (Indiana).

LAWYERS WILL REFUSE TO DEFEND BOOTLEGGERS

Stoddard County Attorneys Sign An Agreement not to Aid Liquor Law Violators.

The members of the Stoddard County Bar have circulated and signed an agreement that they will not accept professional employment from any person charged with, operating, owning or managing a still, or being a bootlegger, transportater, or storer of intoxicating liquors contrary to the laws of this state.

Following is the signed agreement: "Deprecating the fact that our county is fast acquiring the reputation of being the home of bootleggers and an asylum for stills that have been given out of other communities and desiring to forestall any imputation that our profession is responsible for such reputed condition.

"We, the undersigned members of the Stoddard County Bar, do hereby agree that we will not advise with nor will we accept professional employment from any person, association or corporation seeking to or charged with owning, managing or operating a still or with being a bootlegger, transporter or storer of intoxicating liquors contrary to the laws of the State of Missouri, other than such clients as we may now have in charge and being prosecuted on such charges.

"This agreement to be in force from this date until at least a majority of the persons signatory and then living in said county, consent in writing that it be abrogated.

"This 16th day of July, 1921.

"Signed: George Munger, J. L. Fort, Charles Liles, J. M. Cook, W. L. Tucker, A. T. Welborn, Ralph Wommack, G. R. Daugherty, J. W. Farris, K. W. Blomeyer, W. C. Keaton, H. S. Green."

TELEMEGAPHONE MYSTIFIES MARYVILLE PEDESTRIANS.

Instrument at Price Furniture Store Magnifies Words and Music —To be Demonstrated.

Sousa's band gave a concert on the streets of Maryville this morning. The great leader himself was not here, nor were any of the members of his premier musical organization, but they nevertheless gave a concert on the streets.

Pedestrians were mystified to hear the stirring strains of band music about them while no musicians were in sight. Traced to its origin, the concert was found issuing from a small instrument placed at the entrance of the Price furniture store. It was the "Telemegaphone," a new invention just received by the Price Furniture Co.

The Telemegaphone is a tone amplifying device that can be attached to any phonograph. It also has an attachment through which the voice of a speaker can be magnified and its carrying power many times multiplied.

The instrument will be demonstrated at an informal dance at the Elks club tonight, when it will be used in connection with a Brunswick phonograph. It will also be used at the weekly band concert Thursday night, when announcements will be made through it from the balcony of the court house.

To Visit in the East.

Mrs. Campbell Yothers and baby son, Lee, who have been visiting in Maryville for several weeks with Mrs. Yothers' parents, Mr. and Mrs. Lee Carpenter, will leave Friday for their home at Canton, Ohio. Mrs. Yothers will be accompanied by her sisters, Misses Katherine and Lillian Carpenter, who will also take a vacation trip to Pittsburgh, Pa., Niagara Falls, New York City and various points in the East. Miss Katherine will return to Maryville about September 1, but Miss Lillian Carpenter will spend a year at the home of her sister at Canton.

Mrs. Perrin Home.

Mrs. Alice Perrin returned yesterday from a visit at Chicago and St. Paul, Minn., with her sons, Charles and Lona Perrin.

Mr. and Mrs. C. A. Malam of Waverly, Ill., are visiting in Maryville at the home of Mrs. Mary Malam and family, and at the home of Mr. and Mrs. Henry Cook.

Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigaretty aftertaste.

Camels are made for men who think for themselves.

SYMPTOMS WOMEN DREAD

Mrs. Wilson's Letter Should Be Read by All Women

Clearfield, Pa.—"After my last child was born last September I was unable to do all of my own work. I had severe pains in my left side every month and had fever and sick dizzy spells and such pains during my periods, which lasted two weeks. I heard of Lydia E. Pinkham's Vegetable Compound doing others so much good and thought I would give it a trial. I have been very glad that I did, for now I feel much stronger and do all of my work. I tell my friends when they ask me what helped me, and they think it must be a grand medicine. And it is. You can use this letter for a testimonial if you wish."—Mrs. HARRY A. WILSON, R. F. D. 5, Clearfield, Pa.

The experience and testimony of such women as Mrs. Wilson prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound will correct such troubles by removing the cause and restoring the system to a healthy normal condition. When such symptoms develop as backaches, bearing-down pains, displacements, nervousness and "the blues" a woman cannot act too promptly in trying Lydia E. Pinkham's Vegetable Compound if she values her future comfort and happiness.

MUST SERVE THIRTY DAYS ON CHARGE OF ASSULT

Dell Benton, Accused of Attack on 8-Year-Old, Is Given Jail Sentence.

Dell Benton, who was arrested in Burlington Junction last Tuesday charged with assault upon the person of an 8-year-old girl, was arraigned before Judge Johnson yesterday afternoon. After hearing of the testimony of the small girl and other witnesses. Prosecuting Attorney Charles McCaffrey filed an amended charge of common assault and the attorneys for the defense entered a plea of guilty to the charge and Benton was given a sentence of thirty days in the county jail.

The testimony of the witness indicated that Benton was camped near the Abel home in the north part of Burlington Junction. Blanche Abel, the 8-year-old girl and her little chum, June Juckwski, 9 year old, and her brother, Edward Juckwski, 11 years old, were playing near the camp when Benton passed the house and invited them to come to his camp and play. Later Benton passed Abel's home and the children were again playing near their front door and he insisted that they come down to the camp again. The children went there and Benton gave Edward a nickel and sent him to town after candy and lured the little girls into his tent when the assault was alleged to have been committed.

GUN CLUB CONTEST WILL BE DECIDED NEXT WEEK

When Handicap Shoot is Over, A Championship Event Will be Staged

The Maryville Gun Club handicap contest will close next week. In case of ties they will be decided by the contestants shooting twenty-five more target with an added target handicap based on the shooters "scratch" average made in the six events of the contest.

The club's championship cup will be awarded to the winner of the 200 target program arranged in ten 20 target events and to be held August 14, 21 and 28 and September 4 and 11. This will be open to members of the club only. The A. T. A. distance handicap will be used that is, each shooter will be given a distance handicap based on his percentage of broken targets during the season. Entrants without a known average will be assigned to a position not under eighteen or nineteen yards, or they may be given more distance if, in the judgment of the management, such additional distance would be fair to the contestant. To each contestant will be trapped 10 practice targets before each of the five days' programs or 50 targets in all.

Several members of the club intend to go to Mt. Ayr to compete in an event which will be held there tomorrow afternoon if the condition of the roads will permit. Several will go to Chillicothe August 15-16 to participate in a state shoot to be held there.

The score for Sunday's shoot was, 75 targets Smith 64 Winnans 63 Yeaman 55; 50 targets: Tindall 46, Geist 40, Smith 27, Bennett 21, Touhey 18; 25 targets: Marcell 25, Souers 24, Robinson 22, Hardin 19, Wilson 16, Dunkelman 6, Kiser 8, Kuehs 20.

Kuehs broke the red target Sunday. Marcell made the first twenty-five straight that has been made this season. The final score for the handicap meet will be given next Sunday.
